*As a general rule, programs do not receive support in their fourth year, with the exception of cases in which the Japan Foundation determines that there are strong reasons for continuing to provide grants to an organization or group which has received support for the same program for the past three consecutive years. This is a measure designed to ensure a wider range of grant recipients.

C-II Conditions for Staff Expansion Grant

- (1) As a general rule, the posts for Japanese-language teachers who are the intended recipients of this grant would only be eligible if a new course is being established or if the number of existing courses is being increased. In addition, this support is given on the condition that this newly-established course and its associated Japanese-language teaching position(s) will be continued using the applying organization's own budget even after the Japan Foundation's subsidy has ended. Priority will be given to projects deemed likely to further the reach of Japanese-language education in Canada or a region within

Canada and increase the number of students studying the Japanese language. Existing positions are not eligible for support from this grant.

- (2) Grants are not given to cover overhead costs, such as the teacher's housing or commuting costs, or the applicant's management costs.
- (3) This application is for the period beginning April 1, 2019 until March 31, 2020. The maximum duration of the subsidy is three years (36 months) from the date on which the teacher is officially hired for the relevant post. However, the grant from the Japan Foundation is not automatically extended over the three years. Rather, the Japan Foundation will decide whether to provide grants for the following fiscal year after reviewing the reports and other materials submitted by the applicants.

C-III Conditions for Teaching Material Purchase and Support for Resource Centre Grant

This grant is to be used to purchase teaching materials for the use of the teachers. The grant is not intended for supplementary materials distributed to students.

Moreover, **the Japan Foundation is unable to purchase and mail teaching materials from Japan.**
